POLICE AND FIRE DEPARTMENTS TO BE LARGER

THE TOWN RECORD

By MONTE DAYTON

MELVIN DYKMAN, son of MR. and MRS. JOHN DYKMAN of 196 Wellington (that's where the cliff came tumbling down last winter and several thousand dollars in suits against the city resulted) has just been graduated from Hastings School of Law in SF.

The Jefferson high grad will put up his shingle as soon as he passes the bar exam.

Melvin is a former employee of THE RECORD, handling ad man duties in 1940 and 41.

ROY ARNESON, who last fall turned over a day's proceeds of his service station for a Daly City-Colma Lions worthwhiler, is the new editor of the Lions weekly bulletin.

Past President HAL WILLIS, whose term just ended recently, had a classic statement at the close of his office tenure: "There's nothing or nobody more beat than a past president."

The big shakeup: The barrister trio of FAHEY, CASTAGNETTO AND GALEN is no more. JOHN J. FAHEY JR. is still in the Templeton street stronghold, while WILLIAM GALEN, brother of former associate, TOM, is now affiliated in the Fahey office. Tom is sharing space in the office with FRANK BLUM and also has a downtown headquarters.

JOHN E. CASTAGNETTO, to further complicate the location of the advocates, remains in his old office, but is sans partnerships.

Vacationites: JANE KEITH, who scribes "The Shopping Block" column in The Shopping News, took a vacate from duties at the Toyland Nursery school, but found her lay-off not quite as restful as might be imagined.

She spent the whole time daubing paint on her home and heaved a sigh of relief to get back on the "job" at the nursery.

JUANITA and ALBERT GIUSTI (she's the police matron for the local gendarmerie), along with son, WAYNE, went motoring up the Pacific coast for their daffodil. In the 12 days they hit Portland, Oregon, visited the Oregon cavers (the natural ones), trekked to Bonneville dam and took a gander at Crater Lake, all returning with tanned hides.

SUPERINTENDENT GIVES REVIEW OF SPENDING IN COUNTY SCHOOLS

The cost of educating each child in the schools of San Mateo county for the fiscal year 1951-52 was materially below the state average, according to figures released today by County Superintendent of Schools James R. Tormey.

Releasing figures based upon the report of the California State Department of Education as published in California Schools for July, 1953, Tormey pointed out that while the average of current expenses of education for all the children of the state of California for the fiscal year 1951-52 was \$226.79, the average for all the schools of San Mateo county for the same year was \$247.50.

ALICE "PAT" VAN OVER KEEPS THREE JOBS IN SMOOTH RUNNING GEAR

While Lieutenant Commander Rosewell VanOver is guiding the destinies of the USS Merapi through the seven seas, his attractive wife Alice "Pat" VanOver does not just sit home and wait for his return. In fact, Mrs. VanOver manages to keep at least three jobs running rather smoothly.

Job Number One

Job number one is running the California Hostess Service Incorporated. Mrs. VanOver reports wittily that the "Incorporated" costs

\$450 so it must be included in any story about her. The California Hostess Service Inc. is well known to persons who have moved to Daly City in recent years. These new residents are greeted by Mrs. VanOver with a basketful of goodies including a free three months subscription to THE RECORD. These are provided the newcomers by local merchants.

To list a few: California Seed and Nursery company provides Sunset magazine, a garden rule, and a house plant. A map of the city is donated by Frank Lombardi Auto Service. Tom Tromborg Plumbers offers a novel potholder. There is one-half gallon of ice cream from Denny's Ice Cream Land. Twin Cleaners will do one garment free for the family.

When Mrs. VanOver presents her basket of gifts to the new family she does her best to make the welcome to Daly City personal. She says that in hiring employees that is the one thing she looks for. Will the person listen while a new neighbor talks about her children? That is the crucial test. Sometimes these chats last over a period of hours, Mrs. VanOver said.

Job Number Two

The Overton Employment agency is Daly City's only placement bureau. It was begun on April 1. Mrs. VanOver is a partner in it with Maxine Fenton. Mrs. Fenton was formerly an employee of the California Hostess Service Incorporated. Overton comes from the last half of each lady's name.

When the two ladies opened their employment agency, it was the only one in northern San Mateo county. Since then another has opened in a near-by city. The ladies are doing very nicely, thank you, and consider their venture a success. Under their employment plan, the person for whom they obtain the job pays them a fee.

Job Number Three

As Secretary of the Daly City Chamber of Commerce, Mrs. VanOver keeps busy in civic affairs. (Continued on Page 2)

CRIME TOOK A HOLIDAY LAST WEEK --- WALSH

"The Daly City police spent a quiet Fourth of July," Officer Jack Walsh boasted this week. "From Friday to Monday all we arrested was one drunk (not a local man). You could say that Daly City was a 'White Spot' this weekend," Walsh continued.

A LETTER TO MEMBERS OF DALY CITY AERIE 1848 EAGLES AUXILIARY

The following letter has been received by Mrs. Leonora O'Neill:

Dear Mrs. O'Neill:

We wish to thank you and the members of the Eagles of Daly City auxiliary for coming to the hospital each month and giving the patients a special treat of homemade cookies. On your latest visit the patients in the Neuropsychiatric ward were especially happy to have you visit them.

We shall look forward to your birthday party on July 15 in one of the wards. It is indeed a pleasure to work with you.

Sincerely,
Grace Guildford,
Field Director

SCHOOL WORK BID CONTROVERSY IS STILL UP IN THE AIR

No official settlement on the question of bids submitted for Garden Village school site work was arrived at this week, due to varying opinions expressed by two Jefferson elementary district trustees.

The quandary is: Whether to force the Carrico and Guthrie Co., low bidders, to fulfill their contract or to reject all bids submitted and re-advertise for the work. The company has sought to withdraw their bid of \$32,733, pointing out that they overlooked extensive grading operations called for in the specifications.

Meanwhile, two of the district's three trustees have expressed different viewpoints on the problem. Andrew Van Der Werff, the third trustee, is away on vacation and could not be reached.

However, H. Z. Weibel, district superintendent, said that he is seeking approval of the district attorney to obtain Van der Werff's vote by telegram.

If the decision goes in favor of holding the firm to its bid, work would begin on the site in time for its completion before opening of the autumn session, according to Weibel. However, if the company refuses to carry out the job, they will forfeit their \$3,200 performance bond.

On the other hand, if the trustees vote to re-advertise for bids, completion of the work by this fall will be out of the question. The legal advertising will consume one month and, following awarding of contract, the work probably wouldn't start for nearly another week.

The site development will take about six weeks, Weibel said.

Longer Hours For Bank of America Slated For Fridays

It was announced today that beginning July 11, 1953, the Daly City, Colma, and Westlake branches of the Bank of America will be closed on Saturdays but will remain open additional hours on Friday.

The new hourly schedule will be from 10 a.m. to 3 p.m., Monday through Thursday, and from 10 a.m. to 5 p.m. on Fridays, the announcement stated.

It was pointed out that the Saturday closing of all California banks has been effected by recently enacted California law. Bank of America will remain open every week-day other than Saturday throughout the year, excepting such legal bank holidays as announced from time to time.

Tax Rate Will 'Stand'

Captain Mel Hanson of the Daly City Fire Department has donned his new uniform since taking his position the first day of July.

Hanson is the first person to hold a captain's rank in the history of the Daly City Fire department.

—THE RECORD Photo

SLAYER OF COLMA WOMAN SENTENCED

"Panty Burglar" Walter W. Sanders, 36, was this week sentenced to San Quentin for a five years to life term for the Colma slaying of his one-time sweetheart, Mrs. Roberta Faye Blackman, 37.

The sentence was meted out by Superior Judge Murray Draper, before whom Sanders had pleaded guilty to second degree murder.

Mrs. Blackman was slain by Sanders at the Treasure Island Trailer Court in Colma on May 25.

Sanders, who had lived with the woman for a year in Daly City and Redwood City, readily admitted the stabbing.

However, he denied that he intended to kill her, explaining that he was in a jealous rage and "just wanted to cut her up a bit."

Chamber of Commerce To Hear Assemblyman At Next Regular Meeting

Assemblyman Richard Dolwig of the 26th district will address the Daly City chamber of commerce at their regular meeting on Thursday, July 16, Bob Hunter, secretary of the organization announced this week.

According to Hunter, Assemblyman Dolwig will speak on the subject, "Southern Crossing." The discussion will include the twin span idea, and other plans for additional crossings of the bay.

DALY CITY IS HEALTHY; NO CASES OF POLIO IN 1953

Daly City is one of the few areas in San Mateo county where no cases of polio have been reported, according to Dr. Harlin Winns, county epidemiologist.

Dr. Winns disclosed that to date 25 cases have been reported, and that this is an increase of nine over the same period as last year. However, the upward trend is typical of the whole state, Dr. Winns stated.

When and if a polio case appears, there is gamma globulin available for members of the victim's immediate household. Gamma globulin is made from human blood and the supply is limited to persons under 30 years of age. Dr. Winns described gamma globulin as impractical because of the limited means of processing it, but said, "It is the best we have and it works. It's too bad that we can't produce it like aspirin tablets."

Gamma globulin is handled by the office of defense mobilization and rationed to states on the basis of the number of cases of polio during the past five years, Dr. Winns explained. A reserve supply is kept in Washington, D. C. for such emergencies as those existing in North Carolina and Alabama at the present time.

One pint of blood gives sufficient gamma globulin to immunize a small child for four or five weeks. Dr. Winns said, "The trouble is that the dangerous period in polio usually lasts from 12 to 14 weeks." He expects September, October and November to be the worst months for the spread of the disease.

No deaths have been reported in San Mateo county from polio to date and the increased number of cases may be considered normal. (Continued on Page 2)

The bonds voted to enlarge the fire department will not cost the taxpayers anything extra in taxes, City Administrator Dan Andersen disclosed today.

According to Andersen, the tax rate which will be held at \$1.38 for the coming year—the same as last year's—will represent a reduction of eight cents because of the fire bonds.

Last October Daly City citizens voted to spend \$190,000 for fire improvement, and at that time it was estimated that the tax rate would be increased from six to eight per cent. However, the city council has managed to eliminate such an increase because of increased property evaluation which is bringing in more revenue, Andersen said.

The city administrator pointed out that the stabilized tax rate is in spite of increased salaries, and added employees to various city departments.

Through careful consideration of each item on the budget, the city council has managed to economize greatly, and should be congratulated for their hard work, according to Andersen.

Valuation Increase In Daly City Third Highest In County

Daly City's assessed valuation jumped \$2,048,691 from 1952 to 1953, the third highest increase in valuation throughout the county, according to figures released this week by County Assessor O. B. Hempstead.

Only cities topping Daly City for assessment gain in the one-year period were Redwood City, \$2,374,543 and South San Francisco with \$2,153,515.

The roll shows that Daly City is now assessed at \$19,905,080 as compared with \$17,856,380 for 1952, making it eighth in rank for valuation among the county's 13 cities.

Cause of the sharp increase in valuation here stemmed mainly from new homes completed during the past year by local subdivisions.

In Colma, where cemeteries purchased additional land, valuation was cut by \$83,580 from the \$866,816 figure for 1952. Along with Hillsborough, Colma was one of two cities in the county that showed a decrease in valuation.

Haas Used Car Warehouse Scene Of Burglary Here

The Haas used car warehouse, 7070 Mission street, was burglarized over the weekend and \$275 worth of equipment stolen.

Missing was a hydraulic jack and a buffer. Inspector Augie Benassini who investigated the burglary reported that both the front and back doors to the establishment were open.

No arrests have been made.

BLUME APPEARS BEFORE COUNCIL

John A. Blume who has an oral agreement with the Daly City council to finish the Brunswick project appeared before the council with plans for the job Monday night.

The city council will study the plans and make their decision in the near future, according to Dan Andersen, city administrator.

No Children Injured By Fireworks Here
Junipero Serra hospital, the Daly City police, and the Broadmoor police reported that no children were injured by fire crackers over the Fourth of July weekend.

EIGHTEEN EMPLOYEES WILL BE ADDED TO THE CITY'S ANNUAL PAYROLL

The number of civil service employees in Daly City will be increased from 59 to 77 during the coming fiscal year, according to Dan Andersen, city administrator. This represents an increase of approximately 30 per cent.

The count of new employees includes two new policemen who began work July 1 because of the strain put on the department by vacations.

IMPORTANT MEET OF CITY COUNCIL SLATED MONDAY

Next Monday night's meeting of the city council will be one of the most important of the year, according to Dan Andersen, city administrator.

Here is a partial list of the business which will be on the agenda:

1. The Daly City budget for the fiscal year 1953-54.
2. Rezoning vote which will either give the PG&E the go-ahead on the construction of the new substation or stop erection of the new power plant.
3. The hearing on abandonment of Atlanta street.
4. The fixing of salaries for City Administrator Andersen and Recreation Director James Mason.

When the budget is decided upon, the number of new firemen and police officers will be determined along with the personnel of other departments.

The PG&E substation has been a controversial issue for some time. It should be settled once and for all when the council votes on the rezoning. There have been predictions of a 3-2 vote in favor of the rezoning, made by Mayor A. J. Gaggero. At that time he said, "I don't see why any of us should change our minds at this stage of the game." (Councilmen Joe Verducci and Edward Dennis oppose the building of the power station; Mayor Gaggero, and Councilmen Paul Green and James Kennedy favor it.)

Although part of the substation wrangle, the Atlanta street vacation is a separate action. At Monday night's meeting, citizens who oppose the abandonment of Atlanta street will be given an opportunity to argue against the move. Vote on the abandonment will take place later in the month as required by law. What will probably happen is that the hearing on the abandonment will be closed.

The salaries of the recreation director and the city administrator are fixed by the city council. This will take place Monday night. Mason and Andersen will learn whether or not the council will follow the general line to increase salaries which it exhibited by accepting the state of California civil service survey along with Millbrae, South San Francisco, and San Bruno.

The meeting will be held in the council chambers at the city hall, and is scheduled to begin at 8 o'clock.

PARKING PROBLEM TO BE MEETING TOPIC

The much-banded about problem—Daly City's parking situation—will come up for review again Wednesday night at a gathering of the Chamber of Commerce board of directors and local merchants.

At the board's regular meeting Tuesday night discussion was held on the inadequate parking facilities here, but no concrete solution was arrived at, according to William Kennedy, president of the Chamber.

Kennedy said that it is "up to the merchants" to help arrive at a solution to the quandary.

Wednesday's meeting will be held at 8 p.m. in the city hall.

Andersen disclosed that the two new policemen are: Jerry Galindo Jr., 25, of 244 Acton street, Daly City, a graduate of Jefferson High school, and Richard Brohman, 24, 86 Bel Mar avenue, Daly City, a graduate of San Francisco's Lowell High school, but a long time resident here. Both men were taken from the civil service list, Andersen said.

According to Police Chief Roland Petrocchi, the police department had requested that the number of policemen be raised to 34. The present raise contemplated by the city council will be to 30. This will mean that four additional policemen can be hired. Chief Petrocchi said that getting 50 per cent of his request could be considered pretty good.

The department which will get the largest number of new employees will be the fire department. The city council plans to hire seven more, Andersen said. This will constitute a doubling of the paid personnel of the department.

Fire Chief Elmer Kennedy was not available for comment, but Captain Mel Hanson said that before the end of next year, the fire department might have to be tripled instead of doubled, because of the increase in facilities and the area which must be protected.

A gardener and two other street department employees will be hired before the end of the next fiscal year, Andersen declared. In addition, there will be one employee added to the water department. Arthur Bodien, the superintendent of public works, refused to comment. He said, "Since I am retiring on September 1, I don't feel that I have anything to say."

Last of the 18 employees to be added is a janitor to service the Community center. He will be under the recreation department.

The list of city employees does not include City Administrator Andersen, Recreation Director Jim Mason, or any other Daly City employee who holds an elective position.

"These employees will be hired in spite of the fact that the tax rate has not been increased," Andersen disclosed.

Earlier, Andersen had predicted that there would be increased personnel in almost every department, but that some of the department heads would not get the numbers they wished.

DALY CITY MAN FINDS OPEN PALS DRIVE LETTERS

Jack Artemoff, 12 Liebig street, uncovered one of the meanest thefts in the world last week when he found 48 letters addressed to the Cerebral Palsy drive which had been opened.

Artemoff, who is employed at the Orpheum theatre in San Francisco as a janitor, discovered the letters in the men's room at the theatre. Although 31 of the envelopes still contained the checks and money orders which had been mailed in them, the other 17 were empty, and it is presumed that they contained cash.

Postal inspectors and San Francisco police are working on the case.

"FILL 'ER UP, DALY CITY!"

—A tank cannot run without fuel, so three Marine reservists from Daly City make sure that they have enough on hand. Handing the gas can up to his buddy is Marine Reserve Sergeant George P. Horre, 73 Fairlawn avenue. Taking the precious liquid is Private John D. Haaland, 178 Wyandotte avenue, while Private Stanford D. Carman of 122 W. Dale avenue waits to secure the can to the tank. The men are members of the 1st Tank Co. of San Bruno, an organized Marine Corps Reserve unit now at Camp Pendleton, Calif., for two weeks of summer training.

HINTS FOR HOMEMAKERS

GET BLANKETS READY FOR SUMMER STORAGE

Unless you're planning to take your automatic blanket with you on vacation to the Maine woods or the seashore (where it comes in mighty handy on evenings that can get damp and chilly, even in the summertime), it's high time you stored it away for the summer months.

First of all, be sure the blanket is clean when you put it away. And that means washing it.

You can wash an automatic blanket easily and safely in an agitator-type washer, in lukewarm water (not more than 100°F.). Don't let the blanket soak in the soapy water—and wash it for only 1½ minutes, followed by a 1½-minute rinse period in lukewarm water.

The General Electric Consumers Institute does not recommend commercial dry cleaning, because some cleaning materials are injurious to the wiring system.

As the blanket dries, stretch it, so that the wires will be straight and so that the blanket will have its original dimensions when dry.

When the blanket is dry, brush it carefully with a clean, soft brush—in one direction only—to raise the nap. And you may press the rayon acetate binding with a hand iron set at a low temperature, using a pressing cloth between iron and binding.

Pack the clean blanket away in a tightly sealed box, with adequate protection against moths. Blanket controls and wires should be packed in a separate box.

Vic Vet says

PLANNING TO BUY OR BUILD A HOUSE WITH A GI LOAN? BE SURE TO GET VA'S NEW PAMPHLET "TO THE HOME-BUYING VETERAN" FIRST. ... IT MAY SAVE YOU A LOT OF HEADACHES

For full information contact your nearest VETERANS ADMINISTRATION office

Havilah in Kern county was established as a mining camp about 1863 by Asbury Harpending.

San Francisco ranks first on the Pacific Coast in per capita income and buying power.

Keeps Three Jobs In Running Order

(Continued from Page 1)

She attends meetings of the Chamber, and of its executive board. She comes in contact with community leaders quite frequently, and admits, "Sometimes we have quite a hassle."

A member of the Ruth Chapter, Order of the Eastern Star, vivacious Mrs. VanOver arrived at the order of Conductress before illness caused her to reduce some of her activities.

For the past nine years, Mrs. VanOver has been active in and around Daly City. In addition to this, she has a hostess service in South San Francisco.

About The Lieutenant Commander

At the present time, Lieutenant Commander VanOver is in port. Displaying her sense of humor his wife says of their marriage, "I've been married 17 years, but my husband only seven. He's spent the extra time at sea." The Lieutenant Commander expects to retire in a few years. He is what the navy calls a "Mustang." That is, he began as an enlisted man and worked his way up through the ranks. His wife is very proud of him. She says, "It's seldom that such a young man is put in sole charge of a boat like the Merapi. He's the executive officer of the boat."

When her husband gets out, the VanOvers intend to take a vacation. If Mrs. VanOver has her way, it will be a trip around the world. She said, "It would be exciting to go on a tramp steamer, and stop at every port a ship can reach." However, she added, "I'll probably settle for a trip to South America."

Theatre Contest To Name Your Fiesta End On July 18th

Entries for the Name Your Fiesta Theatre contest, sponsored by the San Mateo County Fair association, are pouring into the county fair office.

Only one entry from each contestant is requested. The prize, a \$100 United States Savings bond, will be presented to the winner at Fiesta dedication ceremonies, Friday evening, August 14.

The contest is open to any resident of San Mateo county except employees or relatives of employees of the San Mateo County Fair association. Entries must be postmarked not later than midnight, July 18, 1953. If the winning name is submitted by more than one person, the entry with the prior postmark will be awarded the prize. In the case of duplication of both entry and postmark, the prize will be divided. The decision of the judges will be final. All entries submitted will become the property of the San Mateo County Fair association.

Entries should be sent to the San Mateo County Fair association office, P. O. Box 1027, San Mateo, California.

BLOOMER GIRL

This fetching bloomer swim suit will cut a shapely silhouette on any beach this summer. Cole of California designed the suit in a gay hopsotch print cotton by Bates. It is styled with a slim, long torso and "telescope" skirted legs, according to National Cotton Council fashion experts.

LIVESTOCK PREMIUMS

California's livestock breeders will compete for \$115,090 in premiums this year. In addition, nearly 40 livestock associations and other organizations are offering special awards. All told, the fair is offering more than 11,000 individual cash premiums on livestock,

HINTS FOR HOMEMAKERS

PORTABLE MIXER DOES SODA-FOUNTAIN DUTY

by the General Electric Consumers Institute

Tell your on-vacation small fry that they don't have to run down to the corner drugstore for an ice cream soda or a milk shake this summer—not when you have a portable mixer in the kitchen ready to double as a milk-shake-maker on a moment's notice!

Using the new lightweight portable mixer with only one of its two beaters, you can whip up a milk shake right in the glass, says the General Electric Consumers Institute. And the mixer is so easy to handle that the older youngsters can serve as operators of their own at-home soda fountain when the "gang" drops in for something cold to drink on a hot summer day.

What would you like? Milk-shake? Ice cream soda? Make your own soda-fountain specials at home with a portable mixer.

With milk as a base, you can concoct all kinds of refreshing and nourishing cold drinks, with the mixer doing the blending job quickly and easily.

Recipe Ideas

For instance, make a "super" chocolate milk shake with a teaspoonful of chocolate syrup (or two teaspoonfuls, if you wish), a small scoop of ice cream and a half glass of milk. Put all the ingredients into a tall glass, and, using the portable mixer with one beater, whip the mixture until it is thoroughly blended.

For a strawberry ice cream soda, use the portable mixer with one beater to thoroughly blend a half glass of milk and one or two tablespoons of frozen strawberries in a tall glass. Add a small cup of ice cream—and club soda to the glass.

No Polio Cases Reported Here

(Continued from Page 1)

With school out, the epidemic of measles which was moving through San Mateo county has stopped and should be at an end in a week or two, Dr. Winn added.

San Francisco is headquarters for the world's largest public utility.

THE NAME'S THE THING

If it's the prize winning entry in the Name Your Fiesta Theatre contest now being conducted by the San Mateo County Fair Association. A \$100 United States Savings Bond will be awarded the winner. Veneta Boetger, San Mateo, seeks first-hand inspiration as William M. Wilson, Fiesta manager, shows her the new permanent stage under construction at the county fairgrounds. The stage and outdoor theatre area will be completed for the 1953 Fair and Floral Fiesta, August 14 through 22.

In The Past

10 YEARS AGO IN THE RECORD

July 8, 1943 — At yesterday's meeting of the Daly City-Colma Lions club the charter for Sea Scout Ship No. 144, "The Sea Lion" sponsored by the local service club, was presented. It signified that the local Lions club, having made proper application through its duly authorized representative to carry out the program of the Boy Scouts of America, has been granted an annual charter.

The ship committee is composed of Bert Meritt, chairman; John Newton, Dr. William J. Lantheaume, William J. Sweeney, Robert Fessenden, and R. E. Bennett. Skipper is Frank Coughlin, while mates are Frank Blauret, Jim Coughlin and Jack Coleman.

Vital statistics in the past several weeks reveal the arrival of a number of new babies in Daly City.

The parents are: Mr. and Mrs. Phillip A. Bolger, a daughter born June 23; Mr. and Mrs. Frank Michelletti, Colma, a son June 18; Mr. and Mrs. Sanford A. Larson, a daughter, June 23; Mr. and Mrs. Andrew Clem, a daughter, June 23; Mr. and Mrs. Dino Sereni, a daughter, June 21; Mr. and Mrs. Martin J. Zorich, a daughter, June 10; Mr. and Mrs. William E. Hutchinson, a daughter, June 26; and Mr. and Mrs. Eldon L. Mason, a son, June 23.

A marriage license was issued last week, in San Francisco, to Stephen Armstrong, 26, Daly City, and Myrtle Jones 20, San Francisco.

15 YEARS AGO IN THE RECORD

July 8, 1928 — Now playing at the Daly City theater, "Snow White and the Seven Dwarfs" with the Dionne Quintuplets in "Quintupland." Also, March of Time's Men of Medicine, 1928.

Starting Sunday, "Bordertown" with Bette Davis and Paul Muni. On the same bill, Bobby Breen in

"Hawaii Calls" and Laurel and Hardy in "County Hospital." Beginning Tuesday Bette Davis and Henry Fonda in "Jezebel" plus Frank McHugh and Jane Wyman in "He Couldn't Say No."

On Thursday Jeanette Mac Donald and Nelson Eddy in "Girl Of The Golden West" and "I Met My Love Again" with Joan Bennett and Henry Fonda.

Mrs. H. Markgraf of Hanover street entertained at a stork shower Thursday afternoon of this week in honor of her sister-in-law, Mrs. Frank Wayne of San Francisco.

The guests were Mesdames Lena Hutchings, Ivy Waters, Leola Bedell, Lillian Bowen, Edna Cruz, Helen Himmelstors, and Bernice Craighaid and children.

Mr. and Mrs. George D. Mills of 318 San Diego avenue are the proud parents of a nine pound daughter born in Franklin hospital Thursday last week.

Mrs. Mills is the former Margaret McLeod of Los Olivos avenue. The little miss has been named Maureen Mary Mills.

25 YEARS AGO IN THE RECORD

July 6, 1903 — A surprise luncheon was tendered Mrs. A. Romer at her home on Santa Barbara avenue on Friday. Guests were: Mrs. Jack Hanson, Mrs. Jack Campbell, Mrs. Frank Sampson, Mrs. Dave Campbell, Mrs. Ernest Romer, Mrs. A. Romer, and Miss Frances Sampson.

The following building permits were issued last week: R. N. Gibson, 15 Partridge lane, four rooms; A. A. Wesendunk, 124 Peoria street, five rooms.

Mr. and Mrs. L. Tompsett and son Lawrence of Bellevue avenue, left on last Tuesday evening with Mr. Harry McKee of Evergreen avenue for the Big Basin where they will visit Mrs. H. McKee and son Leonard who are spending their vacation there.

FIRE FIGHTERS' FACTS

By Mel Hanson
Fire Prevention Bureau

Public Urged to Prevent Forest Fires

With the coming of summer, when hot weather dries out the woodlands and at the same time invites us to spend more and more time out of doors, the forest fire menace grows. This is no shadowy threat. It is a deadly reality which during the years 1950 and 1951 cost this nation some \$100,000,000 in burned timber not to mention destruction of wild game, subsequent soil erosion, floods and other related disasters.

Figures for 1952 are not yet available, but totals from the department of Agriculture shows that in 1951, 164,090 forest fires burned 10,781,039 acres.

What caused these fires? Paul W. Kearney, outstanding writer on fire prevention, gives the answer in his forthcoming book "Disaster At Your Doorstep" (Harper & Brothers, New York). In it he states that about 40,000 of each year's forest fires are caused by incendiaries: burning of debris (rubbish) causes another 19,000 fires, and careless smokers account for approximately the same number. Other causes, in order of importance, are lightning, railroads (sparks), campers and lumbering. Kearney points out that 94 per cent of these fires are caused by "Acts Of Man."

Fire Department Sees Explosion

The Daly City Fire department held their monthly meeting on July 6, 1953 at the company one fire station on Santa Barbara avenue. Mr. Salsberry of the Watts Regulator company showed moving pictures of the water heater explosion hazards that are in the average home. Very few homes throughout the country have regulators or pop off valves on the domestic water heater, after the film a question and answer period followed and much valuable information was imparted by Salsberry. Dormitory Progressing, Should

Be Ready In A Month

The dormitory that is now in the process of being constructed will be ready in about a month. The plaster will start to plaster the inside and outside today. The brass pole was installed Wednesday of this week. It is 25 feet long. It will be the only pole in Daly City.

More About Bees

The Fire department answered three calls this week to remove bee hives, one bee hive was about a foot and one half in diameter and a foot high. It must have had a million bees in it. Fireman Dick May will give evidence of their stinging quality, he received one fat eye.

An Appeal To Motorists

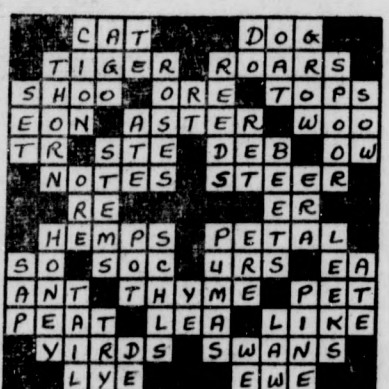

The Redwood City Fire department has been involved in two very serious accidents in the past month. The accidents were caused because of lack of right of way be motorists. We have been very fortunate in Daly City.

We appeal to the motorists to move over to the side of the street and stop, if it is impossible to get to the curb, just stop. Many motorists try to pass an intersection before the fire trucks. We in the Fire department realize the danger in driving a piece of emergency equipment and are cautious, but to be safe we need the cooperation of all motorists.

THE FAIR EXPANDS

Because of the rapid and steady growth of the California State Fair, a vitally necessary building construction and remodeling program is underway. Along the south side of the Mall a new general exhibits building is rising from the rubble of the old structures once standing there. The old machinery building is being remodeled into a general exhibits building. To the south of the Junior Livestock Building, a new poultry building and a new rabbit structure are under construction. Other major renovation work is taking place in preparation for opening day on September 3.

The first recorded ascent of Mount Whitney was made August 18, 1873.

ACHIEVING THE MAXIMUM

A current movement under way in Burlingame could well be looked into by this city.

That southern neighbor is launching a campaign to inaugurate the city manager form of government.

As it now stands in Daly City, the position of city administrator is only one of token authority.

The administrator, whose position is created by ordinance, is subject to every whim and caprice of the council in rendering decisions. Not like a manager, the administrator may be ousted by the council in one evening's setting.

He is responsible to all, yet, in the main is not responsible for many vital decisions of municipal government.

Efficiency in the machinations of government is hindered because the administrator, instead of acting as he might see fit to expedite a matter, must first feel out the council and secure their well-wishes on any project.

As was pointed out by one of the advocates for city-manager government in Burlingame, "A city manager could expedite development here. Now there is too much delay. There is no one with sufficient authority available to give an immediate decision when immediate decisions are necessary."

The ideal administrative pyramid would find a city manager at the apex, with department heads underneath, and directly responsible to him. Then, under the heads would come the workers for each department who, in turn, would be directly accountable to their department superiors.

This would place a sort of autonomy within each department yet, at the same time, provide for an overseer to scrutinize the workings within each department.

With a system such as this the decisions would come from the man on top of the heap, without circuitous passage through the council and other interested influences.

Under an ideal city-manager set-up, the council would be confined to purely political decisions, while the carrying out of the policy would be purely administrative.

At the same time such a system would take some of the burden off the city council, which is obliged to ponder on matters of such weight as soothing miffed dog-lovers and ironing out disagreements between fractious neighbors.

The councilmen are elected as legislators and, as such, shouldn't be given the equal and opposite power of administration.

Daly City, at least, is fortunate enough to have taken half-a-step in the direction toward a city-manager—the city administrator system.

But since business has gone along more smoothly since an administrator was brought in, why not go all out and achieve the maximum from the plan.

Knowledge is Power

(1) William Lydgate, writing in Today's Family, states that they are not necessary. He points out that nearly half the states have speed traps, and that, in most cases, they are used to unjustly fine motorists. The out-of-town motorist is usually the goat. People who are driving through the state on their way home from a vacation cannot afford to wait until the local court opens to plead their case before the justice of the peace. So, the traffic cop makes them pay a heavy fine in cash on the spot. Often the policeman keeps part or all of the fine.

If you have been victimized by a speed trap arrangement, Lydgate suggests that you write a complaint to the Department of Public Relations, American Automobile Association, Washington 6, D. C.

(2) He's the Philadelphia man whose container plant was destroyed by fire in January. After his loss, offers of help poured in to his office. Six competitors began filling Connelly's orders with his labels on the finished containers. The goodwill became contagious, according to Cy Peterman's article in The Catholic Digest, and

MY MAD WORLD

by Leonore Brewer

The columnist for the daily papers feel that they must get their reviews of films in print the day the picture opens, if not before. But not everybody sees first runs, so I feel no embarrassment in discussing a film which may be having a run in our immediate vicinity. This brings us to PETER PAN, currently flitting around the neighborhood theaters.

It is going to come as a considerable shock to some when they learn in after-years that Disney did not write PETER PAN, as it is his name which predominates in the blurbs. Unfortunately he chose to rewrite it, making several senseless changes in the story. As these changes involved some of my more cherished memories, I viewed the new interpretations with some disfavor. You may be tempted to say that minor changes in the story line make for scant difference in the overall impression. Feel quite free to do so. But what did change the entire flavor was the addition of the needless violence so typical of too many of our cartoons, and the twisting of Peter's character.

Barrie's Peter was a delightful little boy who defied time by staying in the Neverland, a place we do not quite believe in, but wish we could. In the intervening years, our concept of children has changed. Disney's Peter resembles a potential juvenile delinquent, leading a gang of marauding morons, the most loathsome being Slightly, bearing little resemblance to the original who was an endearing creature, crushed with remorse at the evil consequence of his mad addiction to drinking large quantities of water when he was hot.

If you are so unfortunate as to have met Peter in a comic book, well, go see it animated. You'll probably love it. But if you read Barrie almost before you can remember so that Peter and Wendy and Nana, most especially Nana, have become so inextricably mingled with your earliest memories that they have attained a tremendous reality, stay home and retain your illusions.

HOW CAN I?

By Anne Ashley

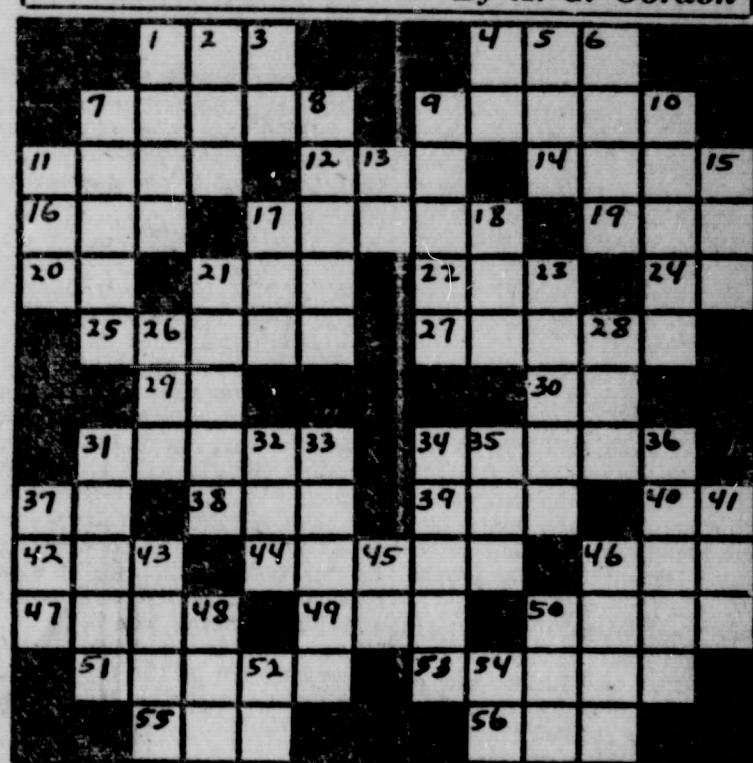

Q How can I clean playing

cards?
A Rub the cards gently with a small sponge which has been dipped into spirits of camphor. This will restore the newness.

Q How can I make an even break in a glass just below the neck?

A Wrap a piece of twine that has been saturated with turpentine or kerosene around the bottle at the

point where the break is desired. Ignite the twine and let it burn until consumed; then pour cold water on the bottle and it will break where the twine was tied.

Q What is the best thing to use for washing the refrigerator?
A The best washing compound for the refrigerator is warm water and baking soda. After the soda scrubbing, clean the porcelain with water and wipe dry.

Q How can I train vines to grow down the edge of a flower pot or window box?
A By using long hair pins and pushing these into the soil over the vine at the base of the stems. The slight pressure will force the vines in any desired direction.

Q How can I clean rusty steel?
A Try cleaning rusty steel with a cut onion. Allow it to stand for a day and then polish with emery powder and paraffin.

Q How can I make a garnish for green salad?
A Grated eggs may be used for a garnish on mixed green salad. Grate the whites first, then dust the yolks over the top.

Q How can I pull apart two glasses that have stuck together?
A By filling the inside glass with cold water and setting the outside glass in warm water. The cold water contracts the upper glass, while the warm water expands the lower one, and they should come apart easily.

Q How can I clean badly soiled furniture?
A By washing with soap and water, to which has been added two or three tablespoonfuls of kerosene or turpentine. Then rub dry with a soft cloth.

Q How can I test the electric waffle iron for the right heat?
A Place a sheet of white paper between the grids. When the paper turns brown, the iron is ready for the first batch.

DEPENDABILITY

is the other name for DODGE!

Dependable Economy In the 1953 Mobilgas Economy Run, the Dodge V-8 beat all other cars in its class... outperformed all 8's in every price class.

Dependable Power-for-Safety Ten days later, the same Dodge V-8 set 2 new official AAA performance records for standard American cars. Proof of reserve power-for-safety.

Dependable Comfort Dodge Modern Design does away with "meaningless metal" and waste space outside—provides more comfort space than ever inside.

Dependable Handling Ease Dodge '53 brings you new mastery of the road, new maneuverability in traffic, new parking ease. It snugs down on curves like a true sports car.

Dependable Extra-Value Features Safeguard hydraulic brakes with two brake cylinders in each front wheel... Onflow ride control... Safety-Rim wheels... electric windshield wipers... foam rubber seat cushions... and many others.

Here is our invitation! Come in for a "Road Test Ride." Find out all that Dodge Dependability means in terms of economical power, safety power, riding comfort and handling ease. There is no obligation. You will discover a new kind of car, a new kind of driving enjoyment... at prices that start below many models in the "lowest-priced" field.

YOUR NEIGHBORS AND MINE

By Betty Brush

HELLO NEIGHBORS:

Vacation — vacation — vacations, everyone seems to be going on one so lets hear about some of them. One thing to remember while on vacation is that the neighbors all like you and want to see you back at the end of it. Drive carefully, swim cautiously, and take the sun gradually.

MR. and MRS. GLOVER and boys have adjourned to Clear Lake for the week. Daughter Carol, due to having to work will only be able to go up for the weekend this Friday. That is one of the tough parts of growing up. When one gets a job one sometimes loses out on the vacation. Better luck next year, Carol.

While the Glovers are just leaving for Clear Lake, the MORROWS of Santa Barbara avenue are on their way home and will be here by the time this is read. They spent a week at the lake and say that the weather and water both were of the best.

This is really a traveler! SIESSIE BROOKS of Los Banos avenue, aged seven, is going to fly. That's right, she is going to fly all the way to Illinois all by herself to spend the summer with her grandparents. From what I hear she is most excited, as who wouldn't be? Wonder how many of the neighbors there are who have yet to take their first trip in an airplane? Me too.

News And Views

Just how would you picture a grandma on a vacation? In her rocking chair, knitting, reading or maybe just plain taking it easy? Well, not Mrs. GRANDMA LARSON of Los Banos avenue. She has been down at Boulder Creek for three weeks so far with five, that's right, five grandchildren. From latest reports not only the children, but grandma too, are having the time of their lives. The saying goes that you are only as old as you feel and if this is so, Grandma Larson must be the youngest of the bunch. Happy vacation to the whole bunch.

Some people seem to be luckier than others. The other night at Lake Merced a fisherman baited up his hook and threw out his line, then settled back in his chair to chat with the usual bunch of fellows who go out there every night after dinner. He barely got seated when zoom—out goes his line. He jumped up, madly, cutting off all conversation of course, and reeled in. There was his bait still on the hook and two, yes two flapping trout. He had snagged a leader that had broken off of some other fisherman's line and on it were the two trout very firmly hooked and just waiting to be pulled in. Both of these fish were over 10 inches long and this is no fish story as there were witnesses. How lucky can you get?

The Friendly Twelve met at the home of Mrs. OLGA BORDSON, their new president last week. This group are among the many who donated to the Cerebral Palsy drive with a \$12.00 check which was sent in immediately. They are now planning a white elephant sale, the proceeds of which are to be donated as is their usual routine, to the boys in the Vet's Hospital. They are also in the process of planning a picnic which will probably be loads of fun, as that bunch seem to have a grand time no matter what it is that they do.

MRS. GRACE HILL has been on the sick list again for the past week. Seems that Grace either stooped or bent or twisted over the wrong way and whom—a pulled ligament in her back. We all hope that she is better by now and take it easy, Grace. Moral—don't stoop!

This is, I think, rather a cute item. Seems while watching the Palsy drive YVONNE FLETCH and MARILYN WILLIAMS got the idea to do a little collecting on their own. These two little gals ages about seven, collected \$17.00 and nothing would do but that mama, MRS. LILLIAN FLETCH, had to load them and their jar of money in the car and drive them all the way over to the Oakland

Auditorium. They waited around a long time but never did get on T-V but were happy in the thought that they had helped some other child.

Service men

SYL CRUZ JR. who is in Japan has probably been kept very busy lately. He is stationed in the area that has been so badly hit by floods in the past few weeks. As his mail has been late, which is most unusual, he has most likely been spending the majority of his time helping with the flood conditions. Syl, like all the other boys overseas, has the days counted and figures that it will only be about 93 more days before he should be starting for home. Yet as he says, when one is in the service, one is never sure but all the hopes of the neighbors are for his being home at that time.

Talked to CORPORAL ROBERT E. STONE this last weekend and he has big plans. What for? Christmas. Seems Bob spent the last two Christmases overseas and this year really is planning on having one of the good old-fashioned kind with the usual tree, loaded table with his feet under it and most of all any lonely serviceman that he can find that would like to spend Christmas with him. Maybe this seems looking ahead to some folks, but not when you have been where Bob has and are now home with something to really plan and look ahead for.

The usual ladies, with the usual loaded car spent their day at the Letterman Hospital entertaining the boys last week. LYNNE, GRACE, CLARA & CO. (that's the way they want it put in) plus other ladies who always accompany them spent the day playing bingo with the boys. They are eagerly awaited each month and the boys are always slicked up for them just as much as if Lana Turner were coming. It is the homey touch that this bunch seems to have that makes them so welcome, also the fact that they can be counted upon to be there month after month. It really means a lot to the fellows to have the monotony of their days broken and these gals are just the ones to do it.

Items Of Interest

Missed for three weeks will be the MURFORD family of Los Banos avenue. They are in Minnesota visiting relatives and having a vacation at the same time. It has been some time since they have seen their family so an enjoyable time undoubtedly will be had by all.

MR. MRS. ROBERT VAN ZANDT & son KEITH joined the ROUDER family in a trip to San Anselmo where a picnic was held. The weather was warm, the food was good and a good time was had by all.

MR. & MRS. DAN STEVENSEN celebrated their third wedding anniversary on Sunday of last week. What makes it so interesting is that their daughter, JULIE, celebrated her first birthday on the same day. Congratulations and best wishes from all the neighbors.

Greetings and best wishes are extended this week to "POP" Brush of Niantic avenue, who had a birthday on Sunday of last week. Pop is an old-timer having come to Daly City in 1909 and lived in the same house on the same block all of that time. Naturally, his birthday was an occasion for the gathering of the members of the Brush clan who are not on vacation at the moment. Happy Birthday, Pop, from your neighbors and mine.

Well neighbors another column has come to its close. As you have seen it is still weddings and vacations that make the most of the news. After all it is that time of the year so happy vacation to any that I have missed and let me know about it when you get back. The phone is still PL. 5-6482 and if you don't get me there try PL. 5-0902 for one more week. 'Bye now.

Lake Merced Auxil. Will Serve Buffet Saturday Evening

The Broadmoor Community center will be the scene of a buffet dinner beginning at 6:30 o'clock Saturday evening, July 11, sponsored by the ladies of the Lake Merced auxiliary, Mrs. Rose Fischer, president of the organization disclosed this week.

Plates will be \$1 for adults and 50 cents for children. There will be games and awards. The public is invited.

DISABLED VETERANS INVITED TO ORGANIZE

The Disabled American Veterans have long planned a new chapter in northern San Mateo county to encompass South San Francisco, San Bruno, Colma, Daly City, Brisbane and the Sharp Park area. The plan is now going into effect. Many disabled veterans live in the area and have maintained their membership either in San Francisco or San Mateo. Many more have either dropped their membership or failed to join at all, owing to the distance of travel.

Many residents of the area will remember the congenial inspector for the county health department, Mel Schlamm. The new chapter will be named to honor his memory. Mel was many years a member of the disabled veterans; a past commander of Edmund Parrott Chapter No. 16, for many years adjutant and service officer. Any veteran with a problem could always call on Mel Schlamm for help and be sure to get that help.

There are 130 members of Edmund Parrott Chapter No. 16 in the area, many of whom will transfer to the new chapter in their own area. There are also many members from San Francisco chapters now living in the area who will be welcomed into the new chapter. In all, it is estimated that there are approximately 1500 eligible members in the area.

Charter memberships are open. Those interested can reach Mel Schlamm, days at JU 8-0456, Loc 279, or John Gouldner, 1010 Grand avenue, South San Francisco, at JU 8-9127.

OBITUARY

Virginia Selsor

Services were held last week for Mrs. Virginia Selsor, 47, who passed away at Permanente hospital in Oakland on June 29.

A native of Oakland, she had lived in Daly City the past eight years. Her local address at time of death was 121 Parkview avenue.

Surviving her are her husband Edward L. Selsor, and children, Mrs. June Furtado, Edward L. Jim and John Selsor.

Last rites were under the auspices of the Order of the Eastern Star, Elvesta chapter, Oakland.

Services were conducted by Grant D. Miller's of Oakland and interment followed at Evergreen cemetery, also in that city.

Irish To Jig And Reel

The Irish colony of San Francisco and of Daly City will gather at the K.R.B. Hall, 1133 Mission street, San Francisco, on this Saturday night, July 11, for the summer ball of the Robert Emmet club.

Popular American dances as well as the Old Country polka sets, jigs, reels and horn-pipes will be featured to the music of the Shamrock orchestra. The program will continue from nine until one.

Mrs. Stone, Don, And Patty Will Go To Japan

THE COLONEL'S LADY Mrs. Robert Stone holds Don and Patty as she tells of the forthcoming voyage to Japan. The trio will see their husband and father for the first time in a year when they make the trip to the Far East some time in August.

—THE RECORD Photo

The Colonel's Lady Will Join Him Soon In Yokohama, Japan

By Joe Bryan

From Germany to the United States to Japan will be the cycle completed by Mrs. Edith Stone of 384 Bel Mar avenue when she leaves for Yokohama next month with her children Donald, 3, and Patricia, 3, to join her husband Colonel Robert Stone of the U. S. army.

A native of Frankfort, Germany, the attractive Mrs. Stone met her husband when he was serving in the U. S. Occupation forces, and quartered in her parents' home. At that time, Mrs. Stone was a physical education instructor in the Frankfort school system.

Married in 1947, the couple flew to the U. S. where Colonel Stone was stationed in Oakland. Six months later, the colonel was transferred to San Antonio, Texas. About Texas, Mrs. Stone said, "My children were born in San Antonio. It is larger than Germany."

Mrs. Stone disclosed that she learned to speak English in her high school days. She speaks clearly, but with an attractive accent. Another memory of her high school days is admiration for Clark Gable and Gary Cooper.

During the war, Mrs. Stone taught dancing and physical education in Frankfort until the last year. Then she almost got drafted into Hitler's army. Luckily, she was allowed to become engaged in hospital activities instead.

Mrs. Stone is now an American citizen, getting her papers in 1952. She said that she was scared when she first arrived in this country, but soon got over that, and now she likes it very much.

One thing she is especially fond of here is the avocado. They don't have them in Germany. She's very fond of them now. Another thing she likes is the radio. "We don't have commercially sponsored broadcasts in Germany, and they were hard to get used to at first," she explained. "Becoming an American citizen is difficult," Mrs. Stone said, "but I am one

now, and proud of it. I may go back to Germany some day to visit my parents, but I could never live there. I like it here."

The family car has been shipped to Yokohama already, Mrs. Stone disclosed. "It wasn't any use to me since I've never learned to drive," she continued. "However, carrying my groceries keeps my figure trim. I'd be really fat if I didn't do things like that. We have so much to eat in America."

"Sewing is my hobby," Mrs. Stone confided. "I make all of my own clothes. I used to try to make Patty's too, but they're so small. One day I punctured my finger on the sewing machine, and since then I've bought both hers and Donald's."

The Stone children are quiet. Donald has a military stance which must be copied after his father's. Patty resembles her mother closely. Neither spoke while THE RECORD photographer and reporter were there, but Patty did say "Goodbye." Donald would nod his head in answer to questions.

Asked if she were looking forward to the Yokohama voyage, Mrs. Stone put her arms around her children and said, "We haven't seen Daddy for a year, and we miss him."

According to Mrs. Stone, the best American novel she has read is Margaret Mitchell's "Gone With The Wind." She finds television a favorite diversion since the transportation situation has cut down attendance at the movies.

Colonel and Mrs. Stone are not giving up their Daly City home. They intend to store their furniture, and rent the house. The only obstacle to living here permanently might be an asthmatic condition which young Donald has developed. Mrs. Stone wasn't sure just exactly what the Colonel's plans are, but reported that he has 10 more years to serve before his retirement.

A native son, Colonel Stone was born in Los Angeles. At the present

HINTS FOR HOMEMAKERS

PUT HOT MUFFINS ON THE TABLE TO PERK UP A LUNCHEON MENU

by the General Electric Consumers Institute

Even if they're not regular bread eaters, your family will like muffins made from these General Electric Consumers Institute recipes.

Easy to mix in a jiffy, they can be frozen if you like. And you'll be surprised at how fast they disappear, once they're on the table.

Corn Meal Muffins

* Tested in the G-E Consumers Institute
1 egg, unbeaten 1 cup yellow corn meal
1 cup milk 2 tablespoons sugar
1/4 cup melted shortening 3 teaspoons baking powder
1 cup sifted all-purpose flour 1/2 teaspoon salt

Place egg, milk and melted shortening in medium-sized mixing bowl. Beat with a kitchen fork until thoroughly blended (about 100 strokes).

Sift flour, cornmeal, sugar, baking powder and salt together over surface of liquid ingredients. Using gentle strokes, carefully mix until ingredients are just blended (about 25 strokes).

Bake in greased 2 1/2 x 1 1/4-inch muffin pans at 425° F for 20-25 minutes. Makes 12 muffins.

Date Cheese Muffins

* Tested in the G-E Consumers Institute
1 egg, unbeaten 1/4 cup melted shortening
1 cup milk 2 tablespoons sugar
2 cups sifted all-purpose flour 1/2 teaspoon salt
3 teaspoons baking powder 1/4 cup grated American cheese
1/4 cup chopped dates

Place egg, milk and melted shortening in medium-sized mixing bowl. Beat with a kitchen fork until thoroughly blended (about 100 strokes).

Sift flour, cornmeal, sugar, baking powder and salt together over surface of liquid ingredients. Using gentle strokes, carefully mix until ingredients are just blended (about 25 strokes).

Bake in greased 2 1/2 x 1 1/4-inch muffin pans at 425° F for 20-25 minutes. Makes 12 muffins.

Place egg, milk and melted shortening in medium-sized mixing bowl. Beat with a kitchen fork until thoroughly blended (about 100 strokes).

Sift flour, baking powder, sugar and salt evenly over surface of liquid ingredients. Add cheese and dates. Using gentle strokes, carefully mix until ingredients are just blended (about 25 strokes).

Bake in greased 2 1/2 x 1 1/4-inch muffin pans at 425° F for 20-25 minutes. Makes 12 muffins.

Place egg, milk and melted shortening in medium-sized mixing bowl. Beat with a kitchen fork until thoroughly blended (about 100 strokes).

Sift flour, cornmeal, sugar, baking powder and salt together over surface of liquid ingredients. Using gentle strokes, carefully mix until ingredients are just blended (about 25 strokes).

Bake in greased 2 1/2 x 1 1/4-inch muffin pans at 425° F for 20-25 minutes. Makes 12 muffins.

For variety, try Bran Date Nut Muffins: Follow recipe for Bran Nut Muffins. Use 1/4 cup chopped dates and 1/4 cup (instead of 1/2 cup) nuts, coarsely chopped.

To freeze: Cool muffins completely. Wrap in moisture-vaporproof material in convenient numbers for serving; label, and place in food freezer.

To thaw and heat: Completely unwrap and place on baking sheet or shallow pan in oven at 400° F for 10 minutes.

Cheese, chopped dates and nuts make these muffins special. They're good along with a light luncheon and because they're rich and sweet, can take the place of dessert.

Village Notes

By Mrs. Edith Warmoth
PL. 5-8026

Garden Lane

Dr. and Mrs. Mayo J. Brice welcomed a baby boy Saturday, July 4. As yet we haven't heard what he will be called, but he weighed in at 8 lbs. 13 1/2 ounces.

Sweetwood

Mr. and Mrs. Edward Raymond and children Edward and Michael have returned from a week's vacation to Chico.

Congratulations to Dr. and Mrs. Quenten Bonser on the arrival of Patricia Ann on June 15. The young lady weighed 8 lbs.

Foothill

Congratulations were in order to Grant Holman who passed the Calif. state bar examination.

Frankie Bennett celebrated a birthday Saturday, June 27.

It's a boy for the R. Cunibertis. He made his first appearance June 24 and tipped the scales at 7 lbs. 3 ozs. James Henry will be his name.

Midway

Mr. and Mrs. Keith Drouillard and Mike and Steve returned from a vacation in Seattle visiting relatives. Katie Drouillard and Irene Locke celebrated mutual birthdays July 7.

Mr. and Mrs. George Saper spent the Fourth of July weekend in Lakeport.

Manila

The John Silvas returned from a month's vacation in Hawaii.

The Robert Nielson's and Chris are moving to the East Bay.

Bradley

Lee Elliott was 5 years old on July 3. At a party given in celebration were the following: Nina Cheda, Miquette and Gerelyn Magnuson, Sue and Melanie Chausse, Cecelia and Jackie Murish, Marilyn Denham, Mary Jane Miles, Pamela Williams and Jay and Clark Elliott.

Nimitz

Mr. and Mrs. James T. McKay have just returned from a few days of golfing at Pebble Beach and Cypress Point.

Washington

Mr. and Mrs. Elvis Brown welcomed a girl June 23. Her name was recorded as Janice Darlene and weight was 8 lbs. 13 1/2 ozs.

Washington

Mr. and Mrs. Frank Dalzelle, former Broadmoor residents, and Candace and Craig, now living in Maine, were visitors to the Bay Area last week. They stayed with Mrs. Dalzelle's parents, Mr. and Mrs. Hansen.

Thornhill

It was a boy for the John Bowdler. Reginald David will be his name and he arrived June 10 weighing 7 lbs. 11 1/2 ozs.

Louaine

Mr. and Mrs. Howard Richardson and daughter Sandy have returned from a vacation which took them to Rouge River, Oregon, where they visited former neighbors.

A Fourth of July picnic was held by several residents of Louaine drive. It started at 11:30 with games for the children and also for the adults. (Volley ball, badminton, etc.) This was followed by a picnic supper with 21 children being served first and 26 adults following. In the evening a fireworks display was put on and after the kiddies were sent to bed the parents participated in a dance and get-together. The picnic was held in the backyard of the LeRoy Kruegers and games played in the Ray Johnsons' yard also. The dance was held at the C. Pinneys.

Miss Bridg Aublett Relaxes During The Interview

MISS BRIDG AUBLETT SET- TLES back for a rest for a moment while reporter Joe Bryan studies the questions he has asked her so far. Miss Aublett's host, Bob Laverty, who has just become a father for the second time, struggles to keep awake.

A Gay Parisienne Has Arrived To Visit A New Daly City Family

An interesting family has taken up residence at 183 East Vista avenue—the Lavertys.

Head of the house is R. V. "Bob" Laverty, an ex-captain in the U. S. army who was graduated from the University of Texas last January as an architect. He is currently employed in San Francisco with an architect's firm.

Temporarily, second in command is Laverty's son Denis, 4. Denis speaks French fluently, but little English. He doesn't seem to have any trouble communicating with neighboring children. His father said, "Whenever Denis tries to think of an English word and can't, he just throws in a French word and the other kids understand him. Kids seem to have a language all their own."

Denis speaks French because his mother, Beatrice, raised him in Paris until recently. Incidentally, Denis has a sister who will be four days old as THE RECORD goes to press. That is why Denis is second in command. Mrs. Laverty is absent, in the hospital with little Laura Anne.

Mrs. Laverty's Friend

Last but not least in the Laverty household is a Parisian sweeper girl who is a house guest of the Lavertys. She's a petite, brown-eyed beauty with a charming accent. Although her English is quite good, Miss Bridg Aublett wishes to improve it. She intends to study the language during the six months she will be allowed to visit in America.

Arriving in America by plane, the twenty-one year old Miss Aublett first became confused by our system of penny, nickel, dime, quarter, and half dollar system.

She soon got over that, however. The next thing she marveled at is the super-market and the department store. There is nothing similar to them in Paris, she claims. Not to hint that the petite Parisienne is provincial, it must be reported that one of the first places she visited in the bay area was the City of Paris department store.

Comments on Food

Miss Aublett is not too fond of American food. She insists that Americans delight in mixing salt and sugar together. This is especially true in salads, she said. One thing that the mademoiselle has discovered to her liking is abalone. She never tasted it before her visit to North Beach, and now she raves about them. Much of her conversation on food was lost because she was speaking in her native tongue with her host. However, the impression was plain.

When asked if she liked to cook and sew, Miss Aublett replied that she could, but neither are her favorite pastimes. Her training has been in commercial work and she is qualified to be a private secretary.

Not much interest in French politics was displayed by the attractive visitor to the Laverty home. She disclosed that she had never voted, and was not a member of a political party. She was matter-of-fact about these statements, as if they might be true of the majority of the French feminine population. She does celebrate Bastille Day, July 14, the French equivalent of our Fourth of July, however. Laverty said that the occasion would call

Ladies Aid Society Will Hold Whist At St. Finn Barr's Hall

A whist party is planned at St. Finn Barr's Church hall at Hearst avenue and Edna street, Wednesday afternoon, July 15 at 12:30 p.m. to benefit the charity fund of the Catholic Ladies Aid society, Branch No. 63.

Mrs. Vernon Van Derslice and Mrs. Charles E. Amend are co-chairmen.

Whist At Corpus Christi

Corpus Christi church will hold its monthly whist party Sunday evening at 7:30 o'clock in the church hall at the corner of Santa Rosa avenue and Alemany boulevard.

The block "F" society announces many attractive awards.

Mrs. A. Zak is chairman. She is assisted by Mrs. M. Silvia, Mrs. A. Podesta and Mrs. E. Burns.

Asked if she planned to marry, Miss Aublett said, "I certainly hope so." She denied any official engagement however.

After her six months here Miss Aublett expects to go back to France. She wishes to cross this continent by train so that she can see some of the rest of the United States. She especially wants to return and visit California again at the earliest opportunity. She exclaimed, "I love it here, and I will come back."

One thing she is looking forward to seeing is San Francisco's Chinatown.

Laverty, who had been awake the whole previous night awaiting the birth of Laura Anne, began to look sleepier than he had when THE RECORD photographer and reporter arrived.

Denis, who had been charging into the house at intervals and handing his father flowers from the garden, came in and stood around looking interested, but confused.

Miss Aublett was still gracious, but a little tired. As THE RECORD representative rose to leave, she stood and shook hands with them. She said, "We always shake hands in France."

Sheridan Sews Again July 22nd

The Sheridan PTA will hold the second of their summer sewing meetings on Wednesday, July 22, 1953, at 12 o'clock noon at the Ocean View playground club house.

Mrs. George Anderson and Mrs. William Scheurer will be the hostesses for the luncheon. Come and sew for the Fall Bazaar.

All members and their friends are invited to attend. There is plenty of space for the children to play, so bring them along.

Legion Auxiliary Installs Officers July 15th

The American Legion Auxiliary of Daly City will hold their annual installation of officers on Wednesday, July 15 at 8 p.m. at the Daly City Legion hall.

Mildred Stanley, past president of the 26th district of the Auxiliary, will officially seat the new president, Ann Welch. Mrs. Welch follows Erma Magnuson, last year's president.

Other officers being installed are: Marie Miller, first vice president; Ethel Harris, second vice president; Margaret Kenny, secretary; Rose Gjorni, treasurer; Olga Bordson, marshal; Dolores Pahlka, sergeant at arms; Vivian Pahlka, chaplain; Margaret Rector, historian. Executive board members are: Lillian Felch, Minnie Bernardi and Catherine Foreman.

Mrs. Welch will name her committee chairmen for the coming year and introduce Roberta Taylor, the Auxiliary's Girl Stater for the year, as guest speaker for the evening.

Refreshments will be served and members and friends are cordially invited to attend this affair.

Eagles Auxiliary Whist Tuesday, July 21st

Members of the Eagles Auxiliary, Aerie No. 1848, will hold a whist party Tuesday evening, July 21, 8:30 o'clock in Eagles hall.

Many awards are planned.

Dr. Margaret L. Cariss Has Begun Practice Here

A new doctor has set up practice in Daly City. She is Dr. Margaret L. Cariss, a pediatrician, whose office is at 6273 Mission street in the Daly City Medical and Dental building.

A native of Illinois, Dr. Cariss was graduated from Washington university in St. Louis, Missouri in 1950. She has practiced in Houston, Texas, and in the Children's Hospital in San Francisco.

Some of the patients Dr. Cariss has to date include babies who are brought from Richmond, San Bruno and South San Francisco.

Dr. Cariss stated that she intends to make her home in Daly City.

News From The Parks

Westlake Playground

Last Wednesday approximately forty children from the Westlake playground under the direction of Pat Nagle trekked to Thorton Beach for a glorious day of wading and sunning. Highlight of the day occurred at lunch time when hot dogs and sodas were quickly absorbed by the children. Tommy Asaro, Ronnie Bazzini, Gary Gross, Molly and Rodger Benard, Cynthia and Chris Trapani, Lee Sterios, Jim and Richard Holcomb were among the group from Westlake Playground.

Lincoln Park

The following boys and girls from Lincoln attended the playday and picnic at Marchbanks park: Penny Goulden, Michael and James Goulden, Sharon Kruse, Judy Montaleone, Virginia, Eileen and Diane Neumann, Leroy and George Rodriguez, Mary Salmon, Rodney Thompson, Beverly Vers, and Susan Young.

Soda pop and hot dogs, ice cream and watermelon were sold. Various games were played by the boys and girls. A good time was had by all.

Marchbanks Park

PLAYDAY AND PICNIC
The annual Playday and Picnic put all three levels of Marchbanks in full swing. The lawn of the middle level was devoted to the eight and under age group. Here the children enjoyed organized games, relays and story telling. Some of those children included in this group were Marty, Paul and Danny Craig, Sandra and Dennis Nelson, Prissy Gruenwald, Carolyn Smyser, Johnny and Raymond Kenny and Donna Romero.

The age group of 9-11 and 12 and over alternated between upper and lower levels enjoying basketball, softball, dodgeball and relays. The dodgeball team led on by Captain David Gardner and sparked by such agility as shown by James and Tommy Kollman, Frank Burger, Ricky Craig and Tommy Jones defeated the team captained by Sandra Fernandez. Sandra's team included Jane Gruenwald, Betty Lou Reed, Tommy Joyce, Don Cubic to mention a few.

A series of relays was held with the winners as follows—youngest groups: first place David Romero; second Rocky Bronson; and third Bobby Rasmussen. Next age group saw Mike Kennedy and Babe Kane tie for first; second place was captured by Ricky Craig.

Speedy Jackie Bautista easily took first place in the upper division with Anthony Stagnaro, and James Wilson following. Lots of fun was had when a novelty race was opened to all groups. The object was to see who could retrieve and lace their shoes first. David Romero, Jack Bautista and Rocky Bronson proved victors in this game.

The climax of the day came with a watermelon contest. Rich Watson, Ron Joy, Gordon Tydinco, Kathy Rasmussen and Jack Bautista were hungry contestants. Gobbling through to the winners circle was Jack Bautista—his prize—what else—a piece of watermelon.

GIRL OF THE WEEK

Witty, jovial Dolores Johnson is Marchbanks' girl of the week. Dolores, or Lori as she is better known, is 5 ft. 4 in., has brown hair, mischievous dark eyes and ready wit. Lori will be a freshman at Jeff this year. She'll study hard in preparation for her teaching aspirations.

Whenever there is a joke being pulled you can be sure Lori is in on it, yet she finds time to help out in all the Parks events. We certainly like having Lori at Marchbanks park.

BOY OF THE WEEK

Likeable Jackie Lewkowitz, Colma eighth grader, was the unanimous choice as Marchbanks boy of the week. Jackie who is a member of the Westlake Rockets is 13 years old. He is anxious to follow in the footsteps of his older brother Joe, who is Jefferson High's pitching standout. When not working out with the Rockets Jackie can be found at Marchbanks helping the younger ball players learn the skills of the game. With six brothers and sisters, Jackie has learned the meaning of unselfishness, a quality he displays continually at the Playground. Congratulations to Marchbanks boy of the week—Jackie Lewkowitz.

BASEBALL CLINIC

The Summer programs baseball clinic for youngsters 9 to 11 is now in full swing at Marchbanks on Tuesdays and Thursdays from 10 to 11:30 a.m. Tentative plans call for a three team league involving these youngsters on Saturday mornings. Any boys 9 to 11 interested in playing should sign up immediately with the Marchbanks director.

TEEN AGE LEAGUE

The Recreation department annual Teen Age league is now in the progress of organization. This ac-

tivity was a great success last summer and many of the teams have already sent in their entry blanks. Any teen agers wishing to participate should contact the Marchbanks director soon.

JUNIOR OLYMPIC

One of the most popular activities of the summer will take place July 17th when the Daly City Recreation department holds the Annual Junior Olympics at the High school oval. Marchbanks playground who is seeking its third successive team title is again expected to field a strong group of trackmen. A tentative list of events includes 50 yard dash, 75 yard dash, softball throw for distance, softball throw for accuracy, football kick, broadjump, highjump and relays. Events include both boys and girls competition on all age levels. Interested youngsters should sign up at Marchbanks.

Community Center

ARTS AND CRAFTS

Participants in all centers increased in numbers this past week. Many of the older boys and girls help the younger ones with their crafts. They are a big help and the directors appreciate their help.

Headliner craft among the eight through teen age group at Crocker, Jefferson and Vista Grande was the making of braided belts, key chains and bracelets with initials. Several boys and girls are making belts for their mothers as well as for themselves. A close second to this craft has been wood-burning. Many thanks should be given to the Stockton Lumber Co. for their generous donation of fine plywood. Miss Hughes and three boys for Crocker visited the yard and came away with a good supply of wood which has been distributed to all centers. Boys and girls alike have been making plaques burned with original designs, colored with crayons and sprayed with plastic spray. The girls are making wood link belts decorated with flowers, animals or initials joined together with plastic lace and beads.

For the younger group of six through eight free brush painting was started at all centers even some of the older members joined painting of "fieryworks" in anticipation of the Fourth of July. Silhouette pictures of black and white were made as a preliminary to making of "sun prints" to be started soon.

At Crocker, folded paper hats were decorated. An impromptu "Hat Show" was held Thursday. Virginia Johnson took over as mistress of ceremonies. Older groups were the judges of the latest Independence Day fashions. Judges were Virginia Johnson, Bob Rich, Janet Martinez, Caroline Ciolino, Marianne Santiago, and Rosalee Santiago. They voted four awards: 1 and 2 Veronica Hunley, Charles Hunley; 3 Margaret Noe; 4 Diane Smyser.

The judges are to be congratulated on their fine job especially Virginia for organizing the show.

This week at all centers will be held the doll shows and "dress up day." At all centers younger groups will make invitations to take home to parents. Awards will be given to all types of dolls, foreign, bride dolls, best dressed, largest and smallest are among the classifications. At Jefferson boys will also have model airplanes on exhibition.

ROCKETS WILL SEEK SECOND WIN AT JEFF

The Westlake Rockets will take their 500 percentage into the first home game of the season when they meet the Burlingame Optimists at Jefferson High school field Saturday morning at 10:30 o'clock. Either Eddie Leveroni or Andy Ruelas will chuck for the home team. Both lads looked good to date. Other performers who caught the coaches eyes are: third baseman Leroy Franzoia, and center fielder Paul Tapia.

The Rockets are said to be improving, and Saturday's game will be a real contest for them as they seek their second win in the junior Peninsula Baseball league.

Lincoln Undefeated; Takes Softball Crown

The flawless Lincoln Lions rang up a pair of thrilling victories in the recreation department's Adult Softball league last week to gain undisputed possession of the league's first half championship.

The double win for the Lincoln club marks their fourth win in as many starts and featured the fine pitching of Larry "Pop" Blanchard, former Jeff high athletic great.

The Gas-U-Mat nine were the first to fall before the powerful Lion attack but a last inning Lincoln rally was necessary to turn the trick.

Gas-U-Mat jumped to an early lead in the second when a pair of Lion errors opened the gates for two runs. The Lincoln men came back in their half of the second to score a single run when Lorenzo, who had doubled, scrambled home when Hughes failed to come up with Murchinson's hard grounder.

The next four innings remained scoreless as the Gas-U-Mats' Arnold was handcufting the Lions, allowing them but one hit, while splendid fielding by the Lincoln club held the opposition in check.

The fielding gem of the night was turned in by Don Wilson, Lion catcher, who took Morgan's pop up and rifled to first nailing Masoni for a double play in the fourth.

Trailing 2 to 1 going into the seventh frame the Lincoln win streak appeared near its end, as the Gas-U-Mat club was only three outs away from an upset victory. First baseman Quint opened the inning for the Lincoln team with a

line drive single to left. Murchinson followed with a double to right, scoring Quint with the tying run. Murchinson galloped home with the winning run on Fisher's infield out.

Lincoln Tops DCFD

The hard-hitting Daly City fire department nine made a valiant attempt to smash the title hopes of the Lincoln Lions last Wednesday on the Marchbanks diamond. The Lincoln crew, however, again came from behind to post a convincing 6 to 3 win over the previously undefeated fire ladders.

The Lions opened fast as Fisher bunted safe and Blanchard singled him home with a drive to left. The firemen were quick to retaliate, however, as Chuck Maynard's tremendous double scored Lyle, who had walked.

The smoke eaters scored again in the third inning when singles by Lyle and Kennedy Sr., coupled with Maynard's second double of the night, accounted for a pair of runs.

Behind 3 to 1, the Lions really went to work in the fifth as they exploded for three runs on three hits and a walk to lead 4 to 3.

The Lincoln club added two insurance runs in the ninth, with successive singles by Blanchard, Eirth and Murchinson doing most of the damage.

The victory over the previously undefeated fire department gives the Lion club the first half championship and assures them of a play-off berth against the second half winners for the league title.

Recreation Results Are Announced

Don Delbon led the Edgemont Flyers to their second consecutive victory when he jumped in 24 points against Marchbanks A's last Thursday night in a Recreation league basketball game 46-34.

Dan Bertelli kept the Marchbanks club in the ball game with his fine re-bounding throughout the first half. Five consecutive baskets by Joe Hinterman broke the Marchbanks team's back. Bertelli scored 12 points to lead the losers.

The undefeated Marchbanks B's stayed on the winning track by drubbing the Edgewood B's 29-20. Frank Meechi of Marchbanks, and Ray Villemainrey tied for scoring honors with eight each.

Earlier in the week, Lincoln Lakers defeated the Marchbanks A's 57-45. Marchbanks led at the end of the first quarter 14-6 on the deadly shooting of George Pedroni. At the half the score was 20-19 in favor of the A's. Tom Costello of Lincoln found his eye in the third quarter and the Lakers took a nine point lead 40-31. Costello garnered 24 points to lead both teams from the floor. High for the losers were Pedroni with 17, and Dan Bertelli with 15.

Larry Kennedy's 15 points led the Marchbanks B's to a 38-27 victory over the Lincoln B's. This gave the B's three wins and the first half title for the league.

Suds Win Practice Tilt From Westlake Rockets

The Daly City Suds handed the Westlake Rockets an 11 to 7 pasting in a practice game last week. The Suds, an older and more experienced team, were handed most of their runs by the sloppy fielding of the Rockets.

Chuckers for the winners were Frank Necchi, Ron Bloon and Darryl Hadley. Toeing the mound for the losing Rockets was Andy Leveroni.

A total of 48,000 carloads of cement was used in construction of Grand Coulee Dam in central Washington.

Basketball Teams Tied As Half-way Mark Is Reached

Marchbanks B's Lead Junior Division With Perfect Record 3-0

With John Madden scoring 15 points, and fine defensive play by Wally Honeywell holding high-scoring Tom Costello to nine points, the Sarto A's upset the Lincoln Lakers Tuesday night and threw the Recreation basketball league into a three way tie. The final score was 38-36. Sharing the scoring honors with Madden was Dick Hutchison of the Lakers who tallied 15 also.

Costello, who has been averaging 24 points per game couldn't get started against Sarto's man to man defense.

Bay Meadows To Host Stock Cars

Negotiations have been completed between William P. Kyne, general manager of Bay Meadows race track, and the West coast racing association to present a 250-mile National championship stock car race at the Bay Meadows race track Sunday afternoon, September 6.

Pedroni A. C. Nips Marchbanks, 3-2, In Pitchers' Duel

Marchbanks Tigers and the Pedroni A. C. locked horns in a pitchers' battle last week, with the latter eking out a 3-2 win.

Only big efforts at the plate were triples by Bob Gaggero and George Pedroni.

King Fish Maynard had a total of 12 strike-outs and gave up eight walks, while losing the contest.

The Athletic Club's Rich Watson had six strike outs and gave up only two free passes.

The Tigers bundled all their scoring efforts in the fourth and sixth cantos. In the fourth with Bob Bailey on first base, Gaggero drove a long fly ball over the head of Del Huchie and drove in Bailey. In the sixth with the bases full Bailey hit an infield single to drive across George Miller.

Watso then put down Gaggero, Allen Antony and Bill Frost in order.

Pedroni's got into the scoring column in the fifth and eighth, when with two away, Larry Kennedy got a walk to first, followed by Pedroni's triple, hit on the full count.

Pedroni led off with a walk in the eighth, stole second, was sacrificed to third by Jim Minor and driven in when a wild pitch over the head of Leroy Storm eluded Catcher Frost.

Sarto's Return To Diamond Wars Next Sunday In Palo Alto

Sarto AC will return to the baseball wars this weekend after spending an idle fourth of July. They will play the Palo Alto Oaks at two o'clock Sunday afternoon on the Palo Alto diamond. Starting pitcher for the Sarto team has not been selected yet.

The lineup: Zucca, 2b; Romero, 1b; Welp, ss; Olcese, 3b; Matzick, cf; Podskaff, c; Creighton, if; Sarto, rf.

BUTCHER - BLANCHARD AND BERTELLI SPARKLE RALPH'S CLEANERS WIN

Held scoreless for five innings, Ralph's Cleaners exploded for six runs in the sixth to tie Snappy Cleaners, and then went on to defeat the San Mateo team on catcher Bob Butcher's prodigious home run in the seventh. Butcher, who led his mates at the plate with three hits in four times at bat, slammed his homer over the left center field wall of Fitzgerald field.

Sloppy fielding put pitcher Jim Honeywell in the hole in early innings and gave the San Mateo team two runs in the first, second, and fourth innings. Lefty Dan Bertelli replaced Honeywell on the mound and pitched one-hit ball for a four inning stint. Wilderness caught up with him and Ray Rose replaced him after he had walked two men in the last inning. Rosa flipped four wild ones to the next batter. With the bases loaded, Larry "Doc" Blanchard, who played second base, first base and shortstop at various times throughout the afternoon, took the mound. He whiffed Bob Kahler, Snappy Cleaners' left fielder, to end the game.

In the eventual sixth inning, the heat caught up with first baseman Joe Earnshaw of the locals, and he was forced to retire from the game. Since Ralph's Cleaners had only 10 players in San Mateo, Jim Honeywell had to return to

the diamond and play right field, while Larry Blanchard moved on the initial cushion.

Ralph's Cleaners return to the baseball wars next Sunday afternoon when they meet the Sharp Park team at Sharp Park. Game time is 2:30 o'clock.

Gives your dollars a two-way stretch

1: It's worth more when you buy it...

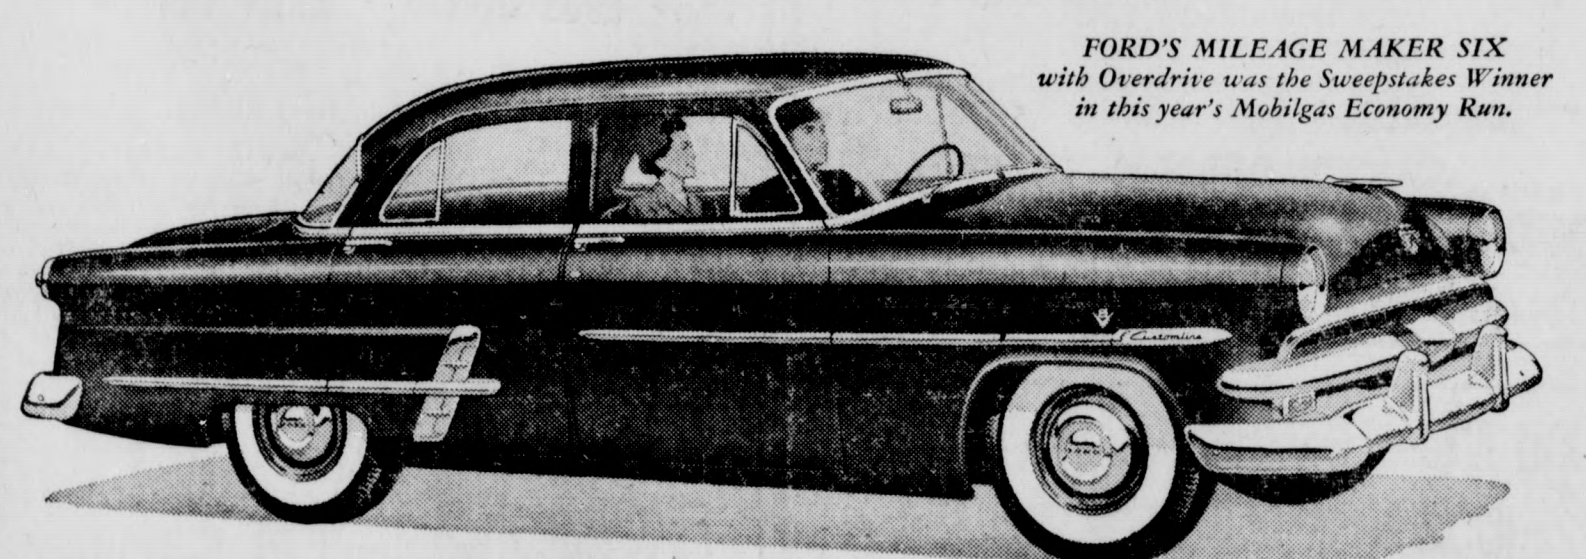

What makes Ford worth more when you buy? Well, some folks say it's the solid, for-keeps way in which those beautiful Ford Crestmark Bodies are built. Others say it's because only Ford can offer V-8 power in a low-priced car. Still others think of Ford's smooth-as-silk new Wonder Ride that

shields passengers from 80% of front-end road shock. Lots of folks point out suspended pedals . . . or Center-Fill Fueling. The best thing for you to do is to see . . . Value Check and Test Drive this new Ford for yourself. Then, you'll be full of reasons why Ford is today's best car buy.

2: It's worth more when you sell it...

Many cars that are low in first cost lose much of their value in trade. Even by resale value standards Ford is the best buy on the American Road! For surveys of used car lots throughout the country prove that last year's Ford is No. 1 in resale value.

Fords keep a greater portion of their original value in trade than any other car. And this newer, finer '53 Ford holds even greater promise of keeping up its resale value. No other car gives you so much for so little money!

FORD'S MILEAGE MAKER SIX
with Overdrive was the Sweepstakes Winner in this year's Mobilgas Economy Run.

WHY NOT LET A 24-INCH RANGE SOLVE YOUR PLANNING PROBLEM?

General Electric Consumer Institute

Kitchen planning is really a matter of putting the available space to work in the most efficient way possible, and choosing the right range for your kitchen is more than a matter of personal preference.

According to the General Electric Consumer Institute, each kitchen presents its own problems of traffic patterns, work surfaces, and storage space. The wrong range can easily destroy the efficiency of the whole room.

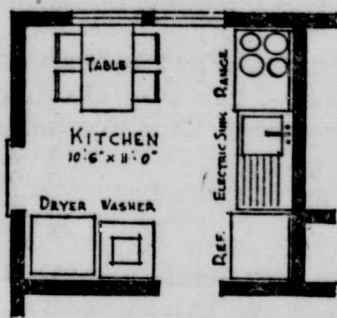

what dealers and manufacturers refer to as a "stripped" model—that is, it does not have deluxe features such as automatic oven timers, minute timers, lights, or other special features, and the size of the oven is, of necessity, smaller than the others.

But a range as small as 24 inches can be purchased with all of the deluxe features of the full-size 30 or 40-inch range, with a full-sized oven and standard surface cooking units which are spaced to accommodate large pots and pans.

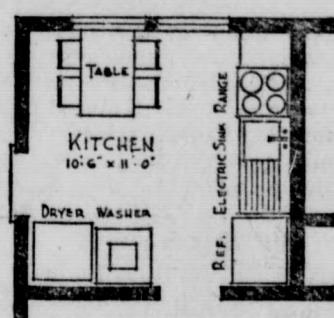

Here are some examples of how replacement of the range can lead to a better kitchen plan.

Variety of Range Sizes

You can purchase ranges in widths of 19, 24, 30, 36, and 39 or 40 inches. Usually the smallest, 19-inch range is

PLAN 1

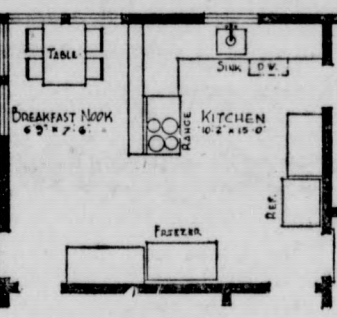

PLAN 2

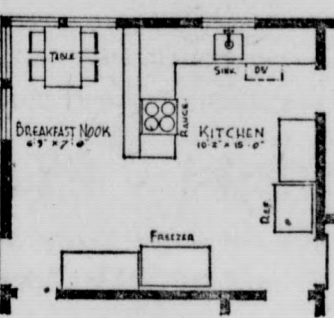

In this instance a small-sized range with deluxe features was more suitable than a full-sized range. When this young couple moved into their new home, the only place they could put their new laundry equipment was in the kitchen. And part of the kitchen had to be reserved for their dining area.

Plan 1 shows what happened when they installed the laundry equipment. To provide the necessary floor space, all base cabinets had to be removed, and there was no place to store large pots and pans.

Plan 2 shows good kitchen planning. The full-size range was taken out and replaced by a 24-inch model, which gave the homemaker all of the cooking convenience of her old range. Ample space remained in the corner for a 15-inch base cabinet for storage of bulky items. Not only that, the range surface units, heretofore inaccessible, were moved away from the corner wall to provide plenty of elbow room for cooking on the top of the range.

PLAN 3

PLAN 4

The owners of this kitchen though they had thought of everything when they remodeled. But what looked like their "dream kitchen" (Plan 3), with every convenience and every piece of equipment they would ever want, soon proved to be not much less than a nightmare.

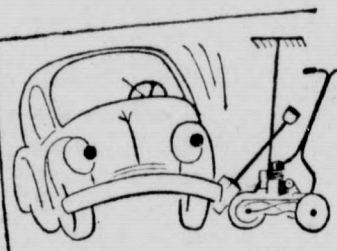

It didn't take this family long to find out that the location of the range surface units presented a safety hazard. Handles of pots and pans protruded into the passageway connecting the cooking and dining areas, and there was always the danger of scalding liquids spilling on the floor or burning passersby.

This homemaker found that she could replace her present range with a 24-inch model enabling the surface units to be moved from the aisle with a storage cabinet placed next to the range to prevent accidents (Plan 4). In addition, she was able to have her own choice of extra storage space right at the range and the cooking units in a more convenient, central location.

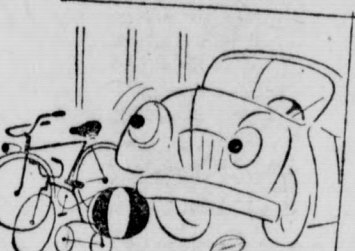

HOME modernizing

Children's Toys, Tools, Laundry Giving the Family Car a Hard Time

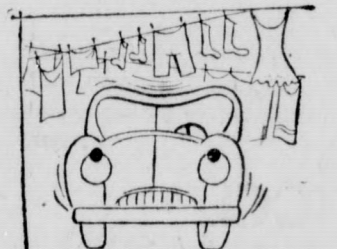

Is the family garage merely a stable for the family car, or does the average American homeowner have other designs on it? Home Modernizing magazine recently conducted a survey among its readers, and came up with the following possibly surprising conclusions:

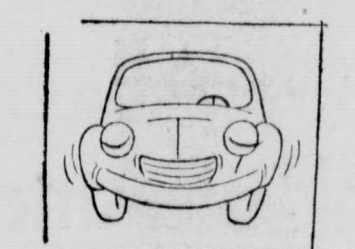

Half the families keep garden tools in the garage...

An even third keep toys and bicycles alongside the car...

Some families put home laundries in their garages...

A few diehards use their garage for their autos only...

"BANKER'S SHIRT"

The classic blouse is an asset in any woman's wardrobe. This blouse, called a "banker's shirt," is designed in a colorful Avondale woven satin stripe chambray trimmed with coordinated solid cotton. This fabric is typical of the smart new cottons with texture interest. The National Cotton Council reports.

COTTON QUIZ

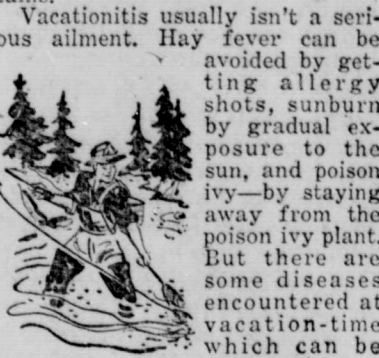

THE THIN, SHEER-WOVEN COTTON FABRIC, USED PRIMARILY FOR SURGICAL DRESSINGS, WAS FIRST MADE IN GAZA, PALESTINE.

SCIENCE and your Health

VACATIONS—AND HEALTH by Science Features

A very special health problem plagues Americans at about this time every year. It might be called "vacationitis." It is characterized by such symptoms as hay fever, sunburn, and poison ivy rash. It is one of the hazards of the annual family trek to the shore or mountains.

One of these is Rocky Mountain Spotted Fever, which, despite its name, may be found in any part of the country, particularly during the summer months. The disease is transmitted from animals to man by ticks—which means that those who go on hunting trips are especially likely to come in contact with it.

Rocky Mountain Spotted Fever can be very serious, even fatal. The advent of the antibiotic drugs it was sometimes fatal, but since that time the death rate has dropped sharply. Cases have been reported in which patients treated with tetracycline showed a disappearance of symptoms within 48 hours after the antibiotic was given.

In any event, health authorities recommend that wherever you go on vacation you determine the location of the nearest physician—just in case.

GOLDEN AGE

Pueblo Bonno, located in western New Mexico, is reported by the National Automobile Club to have reached its Golden Age in the year 1067, one year after the Norman Invasion of England.

Three Daly Cityans Lose Drivers Licenses; One Gets Permanent Return

Three Daly Cityans ran afoul of the Department of Motor Vehicles recently, and ended up with revoked drivers licenses, according to a bulletin from the department.

Named in the bulletin were: Ruby Lee Arabe, 3320 San Jose avenue; Clifford Roy Furr, 112 Bel Mar avenue; and Frank Hartje, 439 Evergreen avenue.

A permanent reinstatement was issued to Francis Young Leong of 215 1/2 Wellington avenue.

The flowering tops and dried leaves of a perennial plant produce tarragon used for flavoring vinegars, spices and similar food products.

Commercial transmission of pictures by wire began April 4, 1925.

TOP COUNTY EXHIBITS

Work already is underway on several of the county exhibits, which annually draw the biggest crowds of the entire fair. Nothing can be said of their plans at this stage, but fair officials say the early ones are spectacular, and that competition is going to be the best in the long history of the fair.

Daly City Library Is Under New Schedule

Beginning July 1, the Daly City library went on a new schedule which will keep the building open four and one-half additional hours per day.

Head librarian Lorraine DeFanti reported that response to the new morning hours "has been very gratifying, but that there have been no spectacular results from the extra hour and a half opening in the evening." However, Miss DeFanti cautioned that "It's too soon since we changed schedule to detect a particular trend."

According to Miss DeFanti, there are about 9,000 books on the Daly City library shelves at the present time.

USE HORN SPARINGLY

Use your automobile horn sparingly, advises the National Automobile Club. To roll down the road blowing your horn at anything and everything that comes near you is just bad driving manners. There are times and places where you will have to use it, but in most cases the judicious use of steering wheel, accelerator, or brake pedal, will serve you better.

The greatest known depth of the Antarctic Ocean is 14,284 feet.

Mrs. Alfred Tiraschi, 242 Thiers street, a daughter.

TRINIDAD—June 30, to Mr. and Mrs. Dale Trinidad, 435 Hillside boulevard, a son.

Last Step Made Before Pages Of The Record Go On The Press

COMPOSITOR BOB PARRY

prepares to insert last few "slugs" of type in page one before placing forms on press. Large table where forms (each form contains a page of type) are lying is known as a "stone." All type shown in

forms reads in reverse, thus giving a positive impression when making contact with the paper. At center left can be seen a job case, where types of various "families and fonts" are kept. Those in case shown are larger types used for

composing headlines and number among the more important tools used by the composing craftsman. Directly above the job case are "slugs" of lead, varying in length, also an important factor in the making up of a newspaper page.

—THE RECORD Photo

The Record At Work

MEET ROBERT PARRY -- FAMILY MAN, NATIVE SON AND COMPOSITOR

The man on the receiving end of the double play combination which results in the weekly issue of THE RECORD and the SHOPPING NEWS is Bob Parry, a 30 year old Daly City resident who lives at 31 Parkwood drive with his wife Elizabeth and three year old daughter Kay.

Parry's specialty is composing. This means that the typewritten copy has been processed through the linotype machine into slugs of type; it has been placed in trays called galleys in the form which it will finally appear in the newspaper or shopper; and the time has come to arrange it in the way it will be placed on paper to meet the customer's eye. When everything is ready to go Parry can "make-up"—compose a page—in 20

minutes. As much type as can be handled between the thumb and forefinger is taken from a galley tray and placed in the position it will finally occupy on the printed page in a form the size of the front page of THE RECORD or THE SHOPPING NEWS. This is repeated until all of the stories are placed in position on an eight by 22 inch page. Since pictures, advertisements, headlines, and news stories must be fitted together like a jigsaw puzzle considerable juggling is done by Parry before the page form is ready for the press. While doing this juggling the compositor must keep in mind that some of the news stories are more important than others. To aid him in this, the reporters fix up what is called a page dummy. This dummy is an eight column piece of paper which is a small replica of the newspaper. Parry follows the dummy as

closely as possible but, often, stories are too long, too short, or the headlines don't fit. However, this procedure is followed only on the front page of the paper. In the other pages, the size of the headline written by the reporter indicates where he thinks the story should fit on the page.

According to Parry, the most difficult part of his job is to fit slanted printing which often appears in advertisements. This is tedious, and exacting work, and must be done precisely to get the best effect.

A native of San Francisco, Parry attended Mission High school where he played baseball. He performed in the San Francisco Recreation league from the age of 12 until his recent retirement from the sport. He attends University of California football games with his wife who is a graduate of the Berkeley school. His hobbies are reading and gardening.

Entering the Typographical Union as an apprentice, Parry was working for the San Francisco Chronicle when the Second World War began. He served in the Air Force and emerged with sergeant's stripes. His tour of duty included: Australia, British New Guinea, Dutch Guinea, the Philippines, and Japan.

Owning a television set, Parry can be detected making a modest wager with THE RECORD's Monte Dayton on the afternoon of the day a fight is scheduled. The two flip to see which gets black trunks, and which gets white.

Other jobs beside the Chronicle were with James H. Barry, com-

Hope Lutheran Bible School Slated Monday At 9 A. M.

The Hope Lutheran church, 104 W. Moltke, serving the Broadmoor and Westlake areas, will hold its annual Vacation Bible school from Monday, July 13 through Friday, July 24, inclusive.

School will be in session every week-day morning at the Broadmoor Community center from 9 a.m. to 12 o'clock noon. All children in the area of elementary school age are cordially invited to attend. Pastor Marting will be superintendent of the school.

There will be Bible stories, music, supervised recreation, movies, handicraft projects and refreshments. Enrollment fee of \$1 helps to cover cost of work books, supplies, etc.

A special closing program will be held on Friday evening, July 24, at which time all parents are invited to view the children's accomplishments. Refreshments will be served at this closing program.

Grace Presbyterian Sunday Service Is Scheduled at Eleven

Services will be held at the Grace Presbyterian church next Sunday morning at 11 o'clock.

Pastor William Harberts has just returned from the meeting of the Synod of California at Los Angeles. He will speak at the regular morning session.

The junior choir, under the direction of Mrs. Beryl Kane, will present a special musical program. Sunday school and worship services will be held regularly throughout the summer months.

SLUGGISH BRAKE PEDAL

When the brake pedal on your car does not return to its normal position quickly, a brake specialist should be consulted at once, advises the California State Automobile Association. Trouble may be weak springs, faulty master cylinder or restricted hoses which prevent the fluid from returning to the reservoir quickly.

The killer whale has a highly developed brain.

Commercial printers of magazines, and Phillips and Van Orden, printers of the telephone book. Parry has been employed here for over two years.

An all-around printer, Parry can do linotype work, advertising and news make-up, and all the jobs required around the shop.

Howard McConnell Will Talk About Portland Trip, Sun.

Ocean View Christian church will welcome home its minister, Howard Patrick McConnell from the Disciples of Christ convention at Portland, Oregon. He will speak on the subject "I Went to Portland" at the 11 o'clock worship service Sunday morning.

Bible school convenes at 9:30 a.m.

The contest is over and a picnic will be held Sunday, July 19 at the San Bruno park.

Chi-Rho youth group meets on Sunday evening, the place will be announced in church. Christian Youth fellowship will meet Monday evening at the home of Diane Toschi, 143 Detroit street.

Christian Women's fellowship meets Tuesday, July 14, at 7:30 p.m. at the home of Myrtle Fulghum, 257 Sadowa street.

Bible study, July 16, will be held at the home of Lilly and Everett Allen, 66 Buena Vista avenue.

Ohlendorfs Return From Convention In Colorado Springs

Elmer H. Ohlendorf and family of 95 San Joaquin avenue, have just returned from Colorado

President Ohlendorf

Spings, Colo., where he attended the 36th annual convention of the Lutheran Laymen's league. More than 2,000 attended the three-day convention which opened with a Lutheran Hour rally and closed with a chuck-wagon dinner.

Ohlendorf is the president of the California-Nevada area of the Lutheran Laymen's league. He attends Bethel Lutheran church on 2525 Alemany boulevard.

Next year's convention will be held at Detroit, Mich., and the following year at Seattle, Wash.

The United States Geological Survey established the elevation of Mount Rainier as 14,408 feet above sea level in 1913.

New Pastor At Assembly Of God Church Here Announces Sermon

The Rev. W. P. Rutledge, new pastor of the First Assembly of God church on Evergreen and d Hanover streets, announced that the topic of his sermon will be, "The Ministry of Christ" at the 11 o'clock service next Sunday.

In the 7:45 o'clock Sunday evening service, the Rev. Rutledge will discuss, "Sin, the World's Blood-Poison."

A series of Bible studies will begin on Friday evenings at 7:45 o'clock. The topic for this Friday is "The Holy Spirit."

Everyone is invited to these services, the Rev. Rutledge said.

Daly City Youngsters Can Tour Bay On The General Cox Wednesday

Ship Ahoy! Youngsters of Daly City will be taking off on a tour of San Francisco Bay next Wednesday on the General Cox. Sailing time is at 11 o'clock.

According to Ed Mosconi, recreation supervisor, the youngster directors for tickets and arrangements. Mosconi said that the youngsters should bring a lunch since tours of North Beach and Aquatic Park are planned also.

Lions Will Take Kids Fishing On July 22nd

The Daly City-Colma Lions club has arranged to take local youngsters fishing on Wednesday, July 22, according to Hal Willis, past president of the organization and present publicity chairman.

Fishermen will leave the Community center Wednesday morning at 8:30 o'clock. Transportation will be free. Also soda pop, ice cream and milk will be provided gratis. Fishing equipment will be loaned to kids who don't have it.

The Lions and the kids will fish in the Lake Merced boathouse area, Willis said.

ROLLING BANDAGES IS LATEST PROJECT OF EAGLES' AUXILIARY

Rolling bandages for a deeper colony is the latest welfare project of Eagle Auxiliary members.

Since the members must furnish all material, any donations of old pillow cases or sheets would be appreciated by the Auxiliary.

Anyone desiring to make such donations, or to help in the work, should contact PL 5-0192 or 4417.

Madame-president of the Eagles Auxiliary is Mrs. Jean Bankson.

On all these points of comparison... Chevrolet's farther ahead than ever!

... IN NEW AND ADVANCED STYLING—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

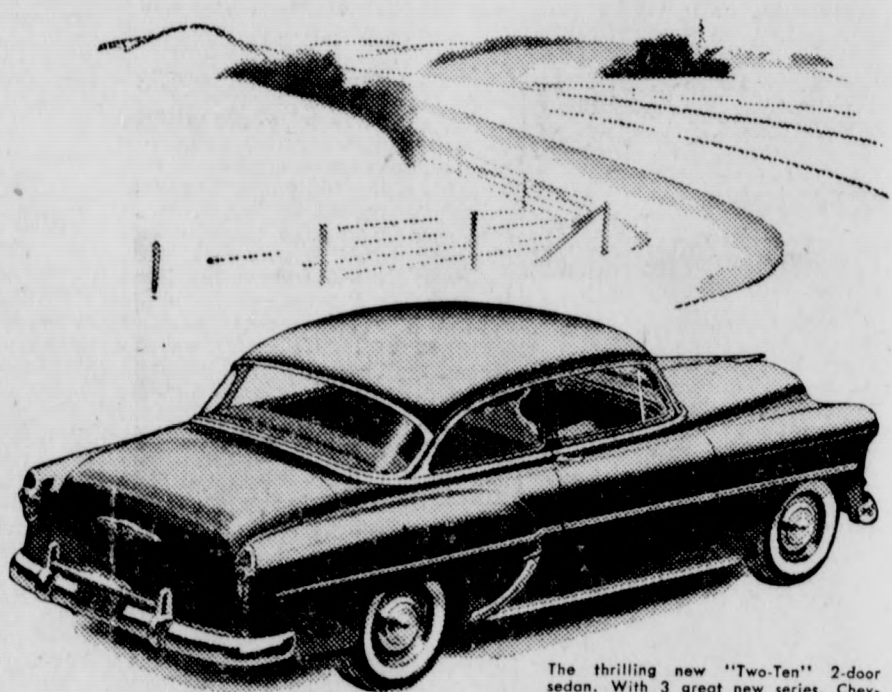

... IN HIGH-POWERED PERFORMANCE—The most powerful engine in the low-price field! The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrill-King" engine.

... IN SMOOTH, SIMPLE AUTOMATIC DRIVING—Expect faster getaway with Powerglide's new automatic starting and passing range... and new economy, too. Chevrolet's new Power Steering* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

... IN ECONOMY AND VALUE—Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field.

... IN AMERICA'S FAVOR—Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
